

WOODS ON A MISSION

Missionary Pastors in Cayman Brac

Holidays

Over the past couple months, our congregations have enjoyed wonderful Mother's Day and Father's Day programs led by Cary and Mona Christian at Watering Place and Jude and Laura Walton at Spot Bay.

Thank God with Us!

- Thank God for a successful conclusion to the *Breaking Free Ladies' Bible Study*.
- Thank God for His continued blessings upon our ministry and the church.

Lighthouse Keepers

Recently Pastor Woods decided to hike the Lighthouse Footpath, a trail that runs 2.5 miles between Peter's Road in Spot Bay and the lighthouse on the bluff.

After climbing up past Peter's Cave, he found a very nice, clear path. Soon, however, he came upon some workers who told him they had not finished clearing the way.

Please Pray for Us!

- Pray for God's wisdom in training leaders in the church.
- Pray for our Vacation Bible School, July 13-17.
- Pray for Pastor David as he develops a men's ministry.

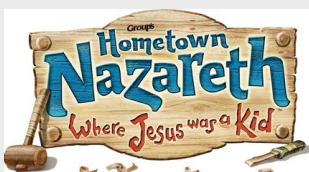

- Pray for Joseph and Noah to build strong friendships with children their age.

Hometown Nazareth

Pastors David and Zenia believe Vacation Bible School is a great opportunity to train the people to become more involved in ministry.

This summer, our churches will come together at Spot Bay to "recreate" Nazareth, where Jesus was a kid.

We look forward to a time of high intensity, fun, learning, and spiritual growth for our children ... and adults!

He continued on but eventually found the brush was so grown up one could only guess where the path ran from the slight part in it. Fortunately, he guessed right and eventually reached the lighthouse.

A couple of signs along the path tell an interesting story. In the early 1900s, generations of lighthouse keepers traveled this path to keep the light going. The first ones actually climbed the sheer bluff face. In the 1960s, however, an automatic light was installed. Now, the path is a tourist attraction.

Pastor Woods used this experience to challenge the men on Father's Day to tend to their gospel lighthouse, to keep the path clear so others coming behind could know the way, and to take responsibility to shine the Good News abroad.

Pray that God might help all the Church of God (Holiness) in Cayman Brac to rise to the challenge of shining God's light in this sin-darkened world!
