A Life of Sacrifice

For over three decades, Frederick Fequiere has invested his life in the children of Dos Palais, Haiti. He and his wife, Marie Rose Anger, were willing to make this sacrifice, even as they raised two children of their own.

In Haiti, public school teachers make almost twice what teachers at our Christian school make. Yet, the teachers at our six schools are still willing to serve, and the results are clear: over 90% of our students pass the national exams, and at Dos Palais many students grow up to become members of our church, as well.

About 377 students in grades 1-8 are receiving an education with a Christian worldview at Dos Palais, and they also receive a noon meal. Frederick is the school's director.

In 2014, changes in government regulations meant that a new school building had to be built. This was accomplished with God's help.

Now, the government is requesting that one higher grade be added per year until the high school grades are complete. This means hiring more teachers, and high school teachers have more training and generally receive higher pay.

How is this possible? We believe God will make a way. Thank you for your prayers for Dos Palais.

Frederick Fequiere, Director

Dos Palais School

About 377 students in grades 1-8 are receiving an education with a Christian worldview at Dos Palais, and they also receive a noon meal.

Maria and Anna are two of the students who have benefited from the Snider Scholarship Fund.

Conflict continues in eastern Ukraine. Please pray for the refugees and those ministering to them.

AROUND THE WORLD

UKRAINE

God continues to move in Ukraine! In March, we received a report from Vladimir Degtyaryov, the president of Zaporozhye Bible College and Seminary.

Although there is continued fighting in eastern Ukraine, centrally-located Zaporozhye remains safe. In fact, the local churches are being the hands and feet of Jesus, reaching out to displaced people who have fled from the violence.

For 10 days in April, the students of ZBCS planned to attend the “school of life,” putting into practice their training by witnessing in local villages. Other outreach programs are planned during the summer, in June and July.

The students and graduates of ZBCS are making a difference in Ukraine. President Degtyaryov wrote of the influence the Church is having in this critical time: “The believers have taken a signal, energetic role in organizing and supporting works of mercy, in honorable cooperation with civic agencies, to relieve the suffering of Ukrainians in the war zone.”

Thank you to those of you who have supported the Snider Scholarship Fund, in honor of missionaries Gordon and Nancy Snider and their service at ZBCS from 1996-2011. Through this scholarship, each year we assist a worthy student or students as they seek training for ministry.

Thank you also for your continued prayers for ZBCS.
