Furlough (Part 2)

Medical and health services are one of the blessings of modern Western society that we often take for granted. Back in June I talked about how connecting with people is a main task and goal of furlough. Another aim is to take care of bigger non-emergency health issues.

Christy in particular has several major things she would like to take care of this furlough. Her foot was causing severe pain and made walking difficult. A major surgery in December hopefully fixed most of those issues, but a small crack in one of the bones is extending her recovery time into March.

Surgeries for other issues are likely upcoming, and some other long-term health concerns are being tested and checked.

Prayer Corner

Praises:

- Great re-connections with partners and churches in many places
- Good times of refreshing and growth, particularly for Larry & Christy
- Safety in many miles of travel
- Holidays with our families were very special
- Smooth political processes in Bougainville so far
- Good progress in school for the boys

Requests:

- Wisdom for our long-term plans in Bougainville and the Solos program
- That Christy's foot will heal well from her December surgery
- Logistics for our upcoming trips out West and to West Virginia
- Good health to do this phase of ministry well
- Pray for new and renewing partners in the work of Bible Translation

The boys are also getting routine things like hearing and eye exams, dental check-ups, etc. There have also been some minor things that doctors have been able to address.

Larry has had few health issues, other than a recent bout with the flu, but this is still a good time for check-ups and routine care.

Money Matters

Where does the money go? This is a question that we all ask, and it's very relevant in our situation with our monthly budget, and we want to be transparent.

The biggest chunk goes toward our ministry and living expenses (including taxes). Another large chunk goes toward health insurance that works anywhere in the world. Thankfully we haven't needed to use it in PNG/Australia recently, but it has been a blessing in the past and here on furlough. We also contribute to a retirement plan, and Wycliffe and COGH World Missions use a small percentage of what we raise to provide services that we need and constantly use.

Like everyone else, all that we have belongs to God, and we aim to be good stewards.

The boys finally got to experience SNOW.

Christy hit the big 40!
