## Good News

**T**he Solos translation team has been busy in our absence. Larry was able to visit in early October and found that they have 16 more Old Testament chapters ready for final checking and another 13 chapters drafted! They continue to work at a good pace, and everyone who has helped with checking is impressed with the high quality of their work.

There have been problems resulting in three of the team members being unable to work for a time. We don't know the long-term effects this will have, so do keep the Solos team in prayer as they continue working toward God's calling in their lives.

Checking a key term or two after an afternoon meeting.

## The Back Page

The translation team and several community leaders met to discuss the future of the Solos translation project. God is leading us to partner more closely with the churches in the area, so pray for us as we coordinate this new endeavor.

We purchased this house for about what rent would cost for four years.

The boys are still enjoying their red wagon!

Lawrance and other home-schoolers got to participate at the Primary School sports day. This was his second-place throw!
